# Vote for George Gluck for Montgomery County Council

## GEORGE ON THE ISSUES:

George will work tirelessly to ensure that your tax dollars are used effectively toward the priorities that will enrich our children's future, while nourishing our world.

George enthusiastically supports initiatives such as the Montgomery County "Go Green program" run by the State of Maryland's Department of Environmental Protection. He supports the Maryland Green Party and Montgomery County Green Party platforms.

George will apply his management and technical skills in business process re-engineering to streamline Montgomery County government, saving tax dollars for you.

George has proposed the Donald Praisner Election Efficiency Bill, which would save money on interim elections as Praisner wished by using IRV voting in county elections.

Our website has additional position sum-

maries on other issues and questions posed by various voter organizations and constituencies.

George recently donated his 73rd pint of blood to the American Red Cross. Emmanuel Halm is the phlebotomist.

## MEET GEORGE GLUCK

George Gluck and his wife are 40-year residents of Maryland and raised their family here in Montgomery County. They have 2 children and 5 grandchildren, and have been residents of District 4 for 22 years.

George has a 40-year career in the information technology sciences, which has spanned both government and private industry.

George & Phyllis Gluck enjoy spending time with their five grandchildren.

His skills and aptitude for business process re-engineering will position him to make Montgomery County's operations more efficient as well, saving valuable tax dollars for our residents.

George has been a member of the Green Party for 12 years, and is highly committed to supporting environmental concerns.

George actively supports solar power with one panel generating power at his house and two panels heating water. He and his wife both drive hybrid Priuses, and eagerly await the electric plug-in Prius. He supports a vegetarian, organic lifestyle for environmental and health reasons. He is an experienced yoga teacher and practitioner, and keeps up an active dedication to staying fit with biking and swimming. He plays violin in informal groups.

George has a Bachelor of Science from Brooklyn College, New York, with a major in Math and a minor in Physics; a Master's degree in Science from Johns Hopkins University in Applied Mathematics; and a second Master's degree in Administrative Science Computer Management from George Washington University.
